

MARSHALLS ENERGY COMPANY Inc.

VACANCY ANNOUNCEMENT

Opening Date: May 1st 2008. Closing Date: Until position is filled.

Position.

General Manager

Salary.

US\$ package dependent upon Qualifications and Experience

Location.

Majuro Atoll, Republic of the Marshall Islands.

Company info.

Marshalls Energy Company Inc.(MEC).

MEC is a unique utility company with an annual turnover of US\$50+million, headquartered on Majuro Atoll. The corporation controls six power plants ranging in size from 75kW to 13MW located on 5 different islands while providing support services to three small power plants on other islands. Additionally MEC oversees the operation of the various water and sewer operations located on several islands along with a nationwide renewable energy program covering 27 atolls spread over two million square miles of ocean.

Duties and Responsibilities.

- Under the general direction of the board of directors of MEC, the General Manager takes full charge and control of the operation and maintenance of all electrical, water, sewer, fuel terminal facilities, renewable Energy operations and other real and personal property, assets and facilities controlled by the corporation and the board of directors.
- Implement policies, rules, and regulations of the corporation as set out by law and the board of directors.
- Develop and implement a corporate strategic plan
- Report MEC corporate performance to the board of directors.
- Submit annual budgets to MEC board of directors for approval.
- Perform other duties or projects as required or as assigned by the board of directors.

Qualifications.

Degree in Engineering and or MBA in Business Administration or any combination of equivalent experience deemed appropriate by the board of directors, with a minimum of ten years industry related experience in management and able to demonstrate ability in the operational , financial, personnel and other aspects of managing an electrical utility company.
